RADOMONTE

- VENEZIA -

RADOMONTE

- VENEZIA -

- FILOSOFIA DI BRAND -

- BRAND PHILOSOPHY -

Ricerca. Innovare. Creare. Infondere alla materia uno stile unico, distintivo. Da questo percorso nasce RADOMONTE, il marchio creato da GEDA, azienda italiana affermata nella produzione di rubinetteria ed elementi per bagno e cucina, dedicato ad una produzione attraverso l'uso esclusivo dell'acciaio.

Una scelta nata dalla consapevolezza di una raggiunta maturità di competenze nella lavorazione del materiale.

La decisione di fornire una prova di alta qualità nell'ambito della rubinetteria e dei complementi bagno, wellness e cucina, con l'obiettivo futuro di sperimentare anche nuove vie di prodotto.

RADOMONTE, marchio dalla personalità forte, determinata. Un carattere che l'azienda ha scelto di rappresentare attraverso l'immagine del leone. Icona che diventa anche rappresentazione di forte identità territoriale, quella espressa nel legame con la città di Venezia, di cui l'animale è simbolo.

Un marchio che non è solo un'azienda. RADOMONTE racchiude in sé persone, competenze, esperienza. Prodotti contemporanei ed innovativi, resi preziosi da un design esclusivo che non è unicamente rappresentazione estetica ma sostiene un progetto di funzionalità e avanzata ricerca tecnologica. Un'attenzione duplice, un lavoro in continua evoluzione che firma prodotti gioiello, complementi di alto livello per una casa che sa unire eleganza e tecnologia.

RADOMONTE, la contemporaneità di una classe senza tempo.

Research. Innovate. Create.

Infused with a unique and distinctive style is RADOMONTE, a brand created by GEDA Italy. A company that produces exclusively in stainless steel.

Our understanding and expertise in steel material processing resulted in the decision to use stainless steel exclusively across our range of high quality bathroom taps, bathroom accessories, wellness and kitchen mixers.

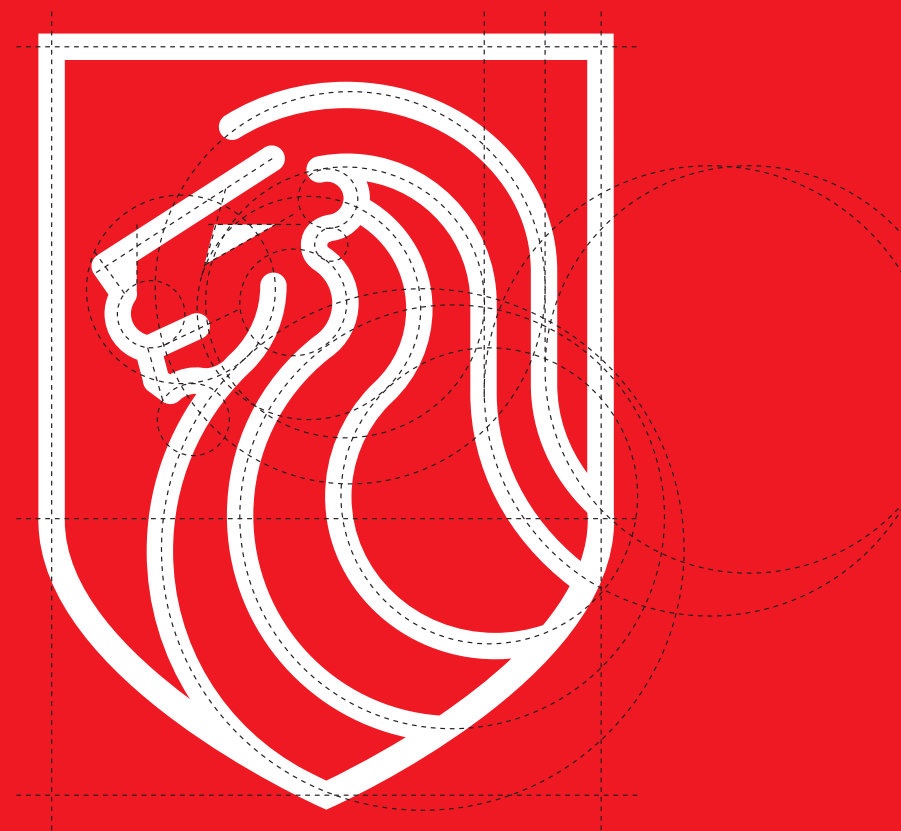

RADOMONTE, is a brand with a strong character. The Lion icon is a proud representation of our identity and its association with the beautiful region of Venice.

RADOMONTE encompasses people, skills, experience along with contemporary and innovative products, superbly made in exclusive designs. These designs combine stunning aesthetics, functionality and the latest in technology.

These production methods continuously evolve creating modern masterpieces that reflect the Venetian heritage.

RADOMONTE - Timeless Class.

RADOMONTE
eterno contemporaneo
~
contemporary forever

- ACCIAIO -

RADOMONTE, un marchio che svela il suo carattere in una scelta fondamentale: l'uso esclusivo dell'acciaio nella realizzazione dei suoi prodotti.

Una decisione maturata dopo un decennio di lavoro e studio sul materiale da parte della casa madre. Da qui, una profonda conoscenza dell'acciaio e la consapevolezza di una raggiunta maestria artigiana ed eccellenza tecnica, che garantiscono un prodotto di qualità e il massimo rendimento delle sue potenzialità.

RADOMONTE is a brand that reveals its character in the exclusive use of steel in the production of its taps.

This decision came after many years of work and study on the material by the parent company. A deep knowledge of steel and our knowledge of the quality of this material make this the ideal product to work with. Our technical excellence and local Venician craftsmanship guarantee a high quality product.

Acciaio,
una scelta ecologica.
~
Steel,
an ecological choice.

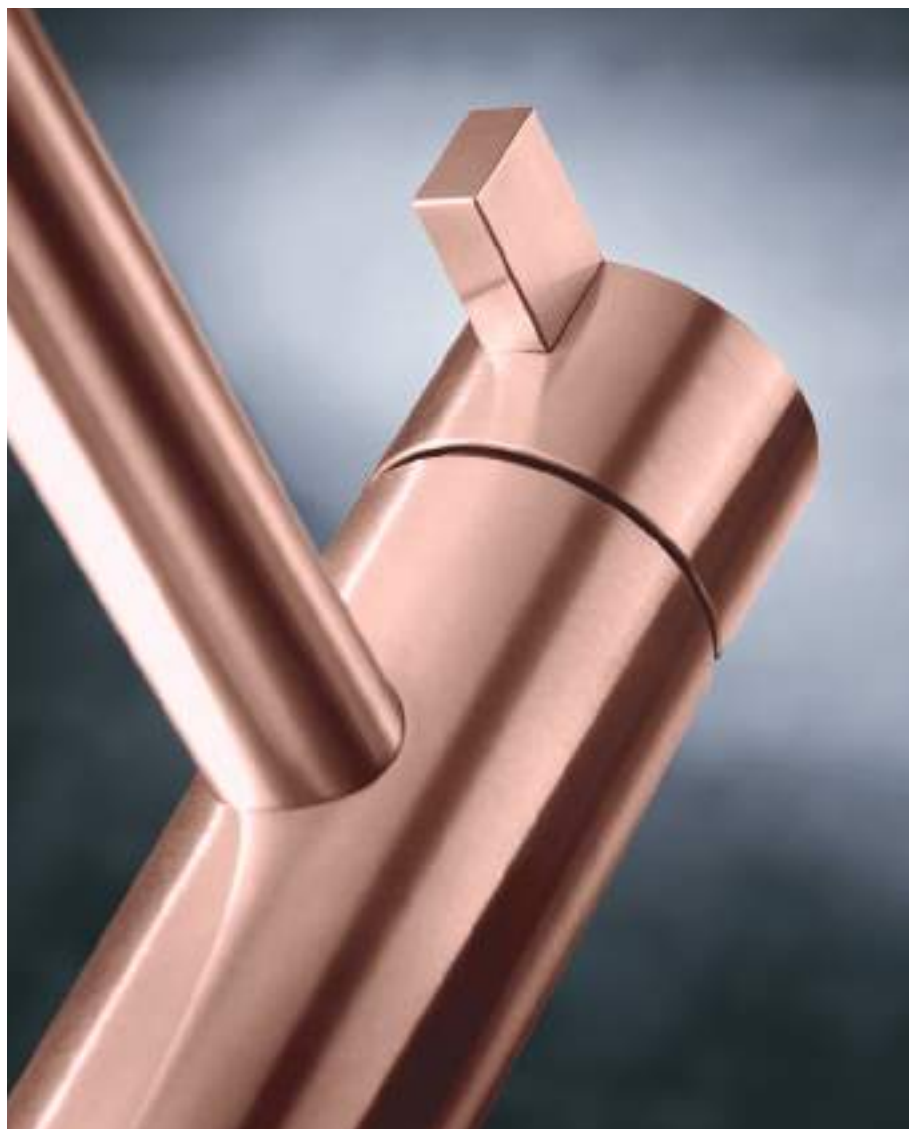

L'acciaio inossidabile, lega di ferro e carbonio, è un materiale inerte, capace quindi di mantenersi inalterato nel tempo. La sua estrema resistenza superficiale all'azione corrosiva di ruggine ed agenti esterni ne impedisce il degrado e garantisce al prodotto una durata eterna. RADOMONTE lo utilizza nella tipologia AISI 316L, una variante dell'acciaio inox che, grazie al basso contenuto di carbonio, si caratterizza per una resistenza ancora ulteriore all'aggressione di sali e cloruri.

Stainless steel is an alloy of iron and carbon. It is an inert material that remains unchanged over time. Its extreme surface resistance to the corrosive action of rust and external agents prevent degradation and ensure that the products will last a lifetime. RADOMONTE uses AISI 316L stainless steel, a particular kind of steel that, thanks to its low content of carbon, has an even stronger resistance to the aggression of salts and chlorides. Moreover, the use of steel guarantees a high level of hygiene. Its compact surface and natural durability help prevent dirt and bacteria adhesion making cleaning much easier.

L'acciaio è un materiale ecologico. Può essere riciclato al 100% e non produce sostanze nocive per l'uomo o per l'ambiente richiedendo, inoltre, temperature di lavorazione notevolmente inferiori rispetto a quelle di altre leghe metalliche. Una scelta di sostenibilità che è alla base della mission aziendale del marchio RADOMONTE. L'utilizzo dell'acciaio garantisce, infine, un elevato potere igienico. La sua compattezza superficiale e inalterabilità impediscono a sporco e batteri di sedimentarsi, facilitandone la pulizia.

Steel is an environmentally friendly material. It can be 100% recycled and does not produce harmful substances to either humans or the environment. Our steel also has a significantly lower processing temperature compared to those of other metal alloys. All this contributes to sustainability which lies at the heart of RADOMONTE's vision.

- FINITURE PVD -

- PVD FINISHING -

Le ricercate serie bagno in acciaio RADOMONTE sono disponibili anche in due nuove finiture - Carbon e Roseé. L'eleganza del nero, la classe raffinata dell'oro rosa.

Le due finiture sono ottenute attraverso un processo esclusivo: il Physical Vapor Deposition (PVD), la deposizione fisica da vapore. Un procedimento di qualità superiore, che crea un sottilissimo film sulla superficie del prodotto e che si distingue per le sue caratteristiche di biocompatibilità, in linea con la mission aziendale del marchio RADOMONTE.

Come funziona?

I materiali da rivestire sono chiusi in una camera sottovuoto, che viene riscaldata. Il materiale da depositare, ad esempio il titanio, viene vaporizzato tramite un arco catodico. A questo punto gli ioni di titanio, altamente caricati, sono mescolati con gas azotogeno per formare un plasma. Questo plasma di titanio, caricato positivamente, è attratto dal pezzo da rivestire caricato negativamente. Ione dopo ione, il titanio si lega alla superficie del pezzo, formando una pellicola sottile e molto resistente.

La finitura ottenuta attraverso il processo di Physical Vapor Deposition (PVD) conferisce all'acciaio inox una ancora più elevata resistenza superficiale. Il risultato, una protezione ulteriore dalla corrosione di cloruri e detergenti, come i solventi e i normali prodotti per l'igiene domestica, e una maggiore resistenza a graffi ed abrasioni.

The refined RADOMONTE stainless steel bathroom series are also available in two new finishes - Carbon and Roseé. The elegance of black, the refined style of rose gold.

These two finishes are obtained through an exclusive process: the physical vapor deposition (PVD). A high quality method, which creates a thin film on the surface of the product and is biocompatible, in line with the company mission of RADOMONTE.

How does it work?

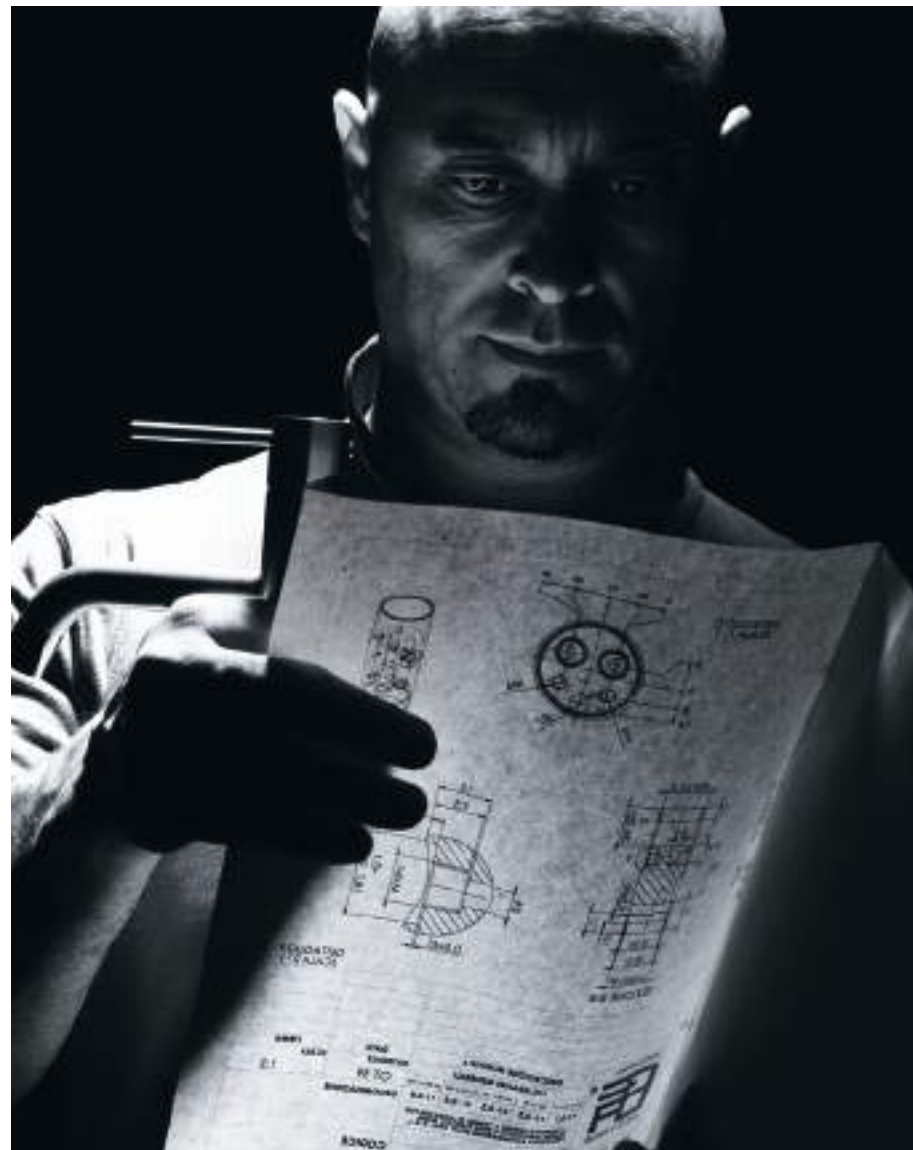

All the materials that need to be coated are put in a vacuum chamber, that is then gently heated. The deposition material, such as titanium, is vaporized by means of an electric arc. These now highly charged titanium ions are mixed with nitrogen gas, forming a plasma. This positively charged titanium plasma is attracted to the negatively charged part to be coated. Ion by ion, the titanium bonds to the material to be coated, growing a thin, hard film on its surface.

The finish obtained through the process of Physical Vapor Deposition (PVD) gives stainless steel an even higher surface resistance. The result: protection from the corrosion of chlorides and cleaners, such as solvents and products for the domestic hygiene, and a greater resistance to scratches and abrasions.

Due nuove finiture.
L'eleganza del nero,
la classe dell'oro rosa.

~
*Two new finishes.
The elegance of black,
the style of rose gold.*

- DESIGN + MADE IN ITALY -

L'incanto di una città sospesa nel tempo.
Venezia dal fascino immutabile.

La sua storia racchiude le radici di
un territorio, il nord-est italiano,
che ha saputo coniugare cultura e
imprenditorialità, identità e apertura
verso il mondo.

Elementi di forza, di lungimiranza
imprenditoriale, che diventano
costitutivi del marchio RADOMONTE.

Un marchio che si inserisce nel mosaico
di eccellenze del Made in Italy e che
unisce l'abilità artigiana ad una ricerca
tecnologica d'avanguardia.

Due elementi fondamentali:
lo studio del materiale acciaio,
distintivo dei prodotti RADOMONTE,
e il design elevato a principio
progettuale fondamentale.

Una persona. Stefano Macchion.
L'imprenditore-designer anima
del marchio RADOMONTE.

Un obiettivo imprenditoriale sofisticato
e lungimirante: prodotti che coniugano
l'esclusività di un design prezioso ad
un'avanzata intraprendenza tecnologica
e una profonda e maturata conoscenza
nell'utilizzo dell'acciaio.

Il risultato è una linea acciaio ricercata,
contemporanea, unica.

*Venice embodies the charm of a city suspended in time.
Venice fascinates.*

*Venice lies in Italy's north-east region and is
famous for its ability to combine entrepreneurial
foresight and culture.*

*Venice has a true identity and RADOMONTE
reflects that strength and beauty.*

*RADOMONTE is a brand that is part of the mosaic
of the 'Made in Italy' excellence.*

*Combining craftsmanship with cutting-edge
technology are two fundamental elements.*

*Completing this mosaic is design.
This element crowns our study of steel.*

Stefano Macchion is the soul of RADOMONTE.

*A sophisticated entrepreneur-designer that is
committed to develop products that combine
the exclusivity of a luxurious design coupled
with advanced technology.*

*The result is RADOMONTE, a refined,
contemporary and unique steel line.*

Creare l'eccellenza.
~
Creating excellence.

- QUALITÀ + ECOSOSTENIBILITÀ -

- QUALITY + SUSTAINABILITY -

La missione aziendale del marchio RADOMONTE è volta ad una produzione nel totale rispetto dell'ambiente.

Una filosofia di ecosostenibilità che è stata scelta come valore distintivo del marchio e che viene applicata non solo alla produzione aziendale, garantita da un sistema di qualità e ambientale certificati, ma anche a beneficio del cliente nell'utilizzo finale del prodotto.

Le linee acciaio RADOMONTE sono, infatti, frutto di una sapiente e avanzata ricerca tecnologica messa a punto con l'obiettivo primario di garantire un prodotto mirato al risparmio energetico e ad un consumo intelligente. Da qui il nuovo sistema di miscelazione a risparmio energetico, messa a punto dalla casa madre e disponibile anche nei prodotti RADOMONTE.

Mantenuta nella posizione centrale la leva consente l'erogazione della sola acqua fredda: la rotazione di 90° permette di ottenere la fuoriuscita di acqua calda, che non viene in questo modo sprecata. L'innovazione al servizio dell'ambiente.

RADOMONTE production techniques are environmentally friendly.

A philosophy of environmental sustainability lies at the heart of our brand value. This applies not only to the production, guaranteed by ISO 9001 and ISO 14001 regulations, but that also benefits the customer that will use the final product.

RADOMONTE stainless steel lines are the result of an advanced technological research development. The primary objective here was ensuring a product aimed at both energy saving and intelligent water consumption.

Hence the new energy-saving mixing system, developed by GEDA and are available in the new RADOMONTE products.

This new lever action delivers cold water only in the central position.

Then, with a 90° rotation, you will obtain hot water. This prevents energy waste caused by unneeded activation of the boiler.

Da questo impegno nasce:

Il marchio eco-friendly creato dall'azienda, che certifica lo sviluppo e la realizzazione di progetti attraverso tecnologie e materiali mirati al rispetto e alla salvaguardia dell'ambiente.

This commitment produced:

An eco-friendly logo created by the company, that certifies the development and production of projects with the use of technologies and materials aimed to respect and safeguard the environment.

Ecosostenibilità.
Amore per il domani.
~
Sustainability.
Love for tomorrow.

Garanzia

I prodotti del marchio RADOMONTE, identificati con il marchio ECO ENERGY SYSTEM, godono di una garanzia estesa a dieci anni per le parti meccaniche. (Per maggiori dettagli vedi garanzia)

Warranty

All RADOMONTE products, identified by the logo ECO ENERGY SYSTEM, benefit from a ten year warranty on the mechanical parts. (For further information, see our warranty details)

SISTEMI DOCCIA GRANDE PORTATA

HIGH FLOW RATE SHOWER SYSTEMS

Specifiche di utilizzo

Temperatura acqua calda in entrata:

Massima: 85°C

Minima: 5°C Maggiore della massima richiesta in miscelata

Consigliabile: 65°C

Minima differenza tra temperatura fredda e miscelata 10°C

Pressioni di esercizio

Campo di impiego ottimale consigliato 3-5 bar

Pressione massima di esercizio: 5 bar

Pressione minima di esercizio: 0.1 bar

Le pressioni di esercizio dovrebbero essere tenute bilanciate il più possibile per mantenere il massimo dell'efficienza.

Quando la pressione è superiore a 5 bar è richiesta l'installazione di riduttori di pressione a monte del miscelatore.

Dati tecnici

Il miscelatore è fornito di placca estetica per l'installazione del miscelatore a profondità da 75 a 95 mm.

La manopola di regolazione è pre-settata a 38°C con auto-stop a 52°C per evitare scottature.

Le entrate sono fornite di filetto G 3/4".

Raccomandazioni agli installatori

Sono richieste due mandate indipendenti per acqua calda e fredda.

Il diametro dei tubi consigliato è di 22mm per impianti a bassa pressione.

Se sono installati più di un miscelatore, il diametro minimo richiesto è di 28mm.

Assicurarsi di una adeguata portata per entrambe le mandate.

Richiesto scarico a pavimento con capacità ≥ 60 l/min.

Use specifications

Temperature of the hot water:

Maximum: 85°C

Minimum: 5°C higher than the maximum temperature requested when mixed

Suggested: 65°C

Minimum difference between cold and mixed water 10°C

Pressure of working

Suggested optimal pressure: 3-5 bar

Maximum pressure of working: 5 bar

Minimum pressure of working: 0.1 bar

The working pressures should be kept as balanced as possible, in order to obtain the maximum efficiency.

When the pressure is above 5 bar, pressure reducers must be installed.

Technical data

All mixers come with an aesthetic plate to install it at a depth between 75 and 95 mm.

The thermostatic lever is preset at 38°C with auto-stop at 52° to avoid scalding.

The inlets have a G 3/4" thread.

Recommendations for the installers

Two independent inlets, one for hot and one for cold water, must be used.

The suggested diameters of the tubes for low pressure plants is 22mm.

If more than one mixer is installed, the minimum diameter must be 28mm.

Make sure that you have an adequate flow rate for both outlets.

Floor outlet with ≥ 60 l/min minimum capacity required.

SISTEMI CON COLLETTORI A PIÙ VIE

SYSTEMS WITH MANIFOLDS

Nei sistemi di comando doccia e vasca con collettori a più vie, ogni collettore (o via) alimenta una sola funzione, ad es. doccia, cascata, nebulizzatori o bodyjet.

Ogni singolo collettore ha un'uscita sia a destra che a sinistra, per gestire in fase di progettazione ed installazione la realizzazione dell'impianto in modo più semplice.

Mentre l'uscita da un lato del collettore alimenterà la funzione prescelta, l'uscita dall'altro lato dovrà essere chiuso con un tappo. (fig. 2 arancio)

In particolari circostanze, come nel caso dei bodyjet, possono essere utilizzate contemporaneamente entrambe le uscite, destra e sinistra del singolo collettore, al fine di alimentare tutti i getti della stessa funzione, dividendo la portata d'acqua tra le due uscite, destra e sinistra. (fig. 2 verde)

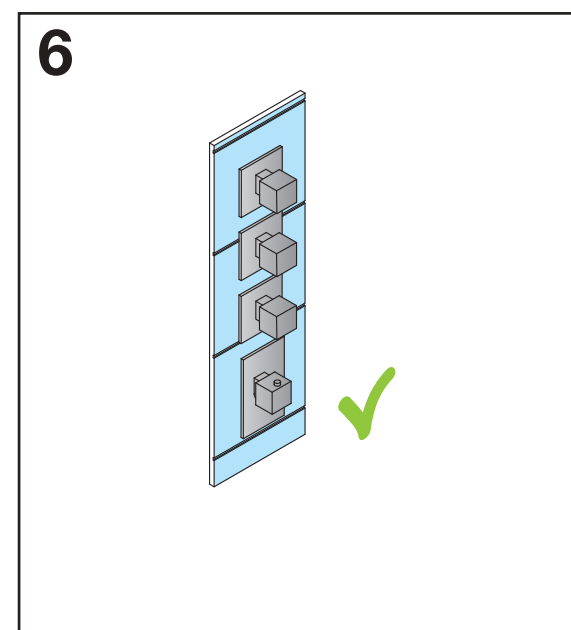

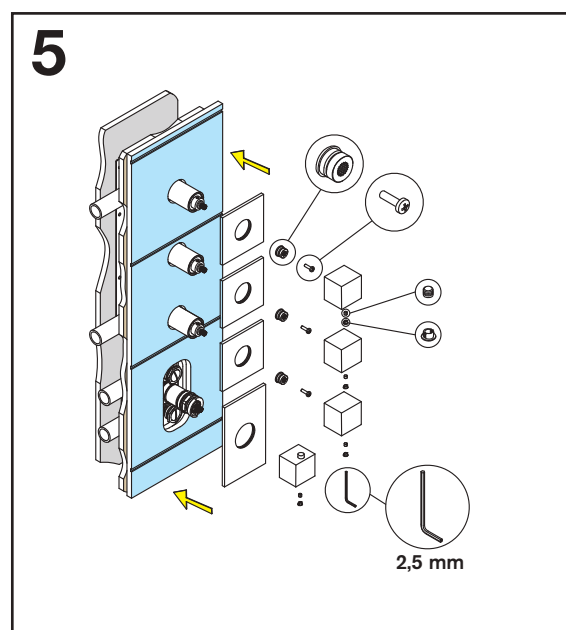

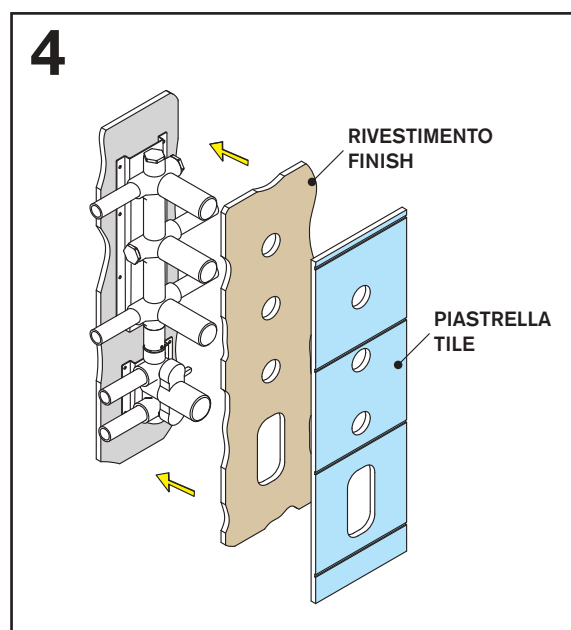

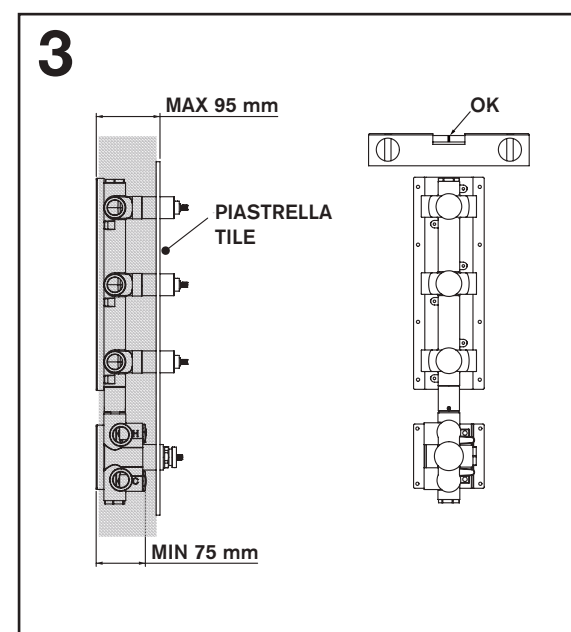

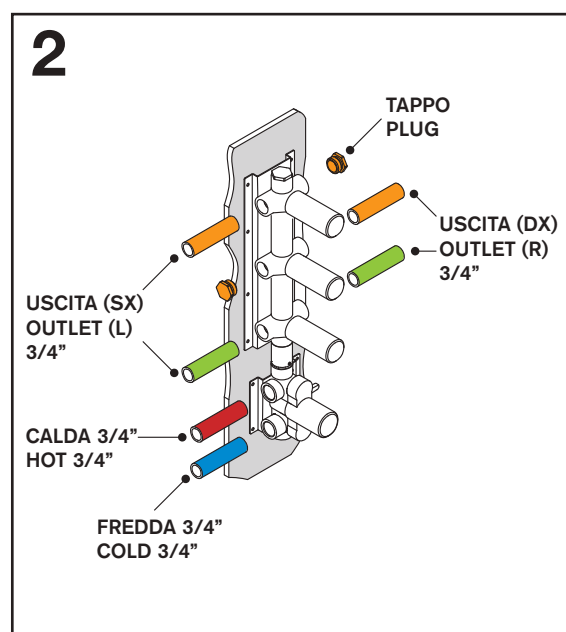

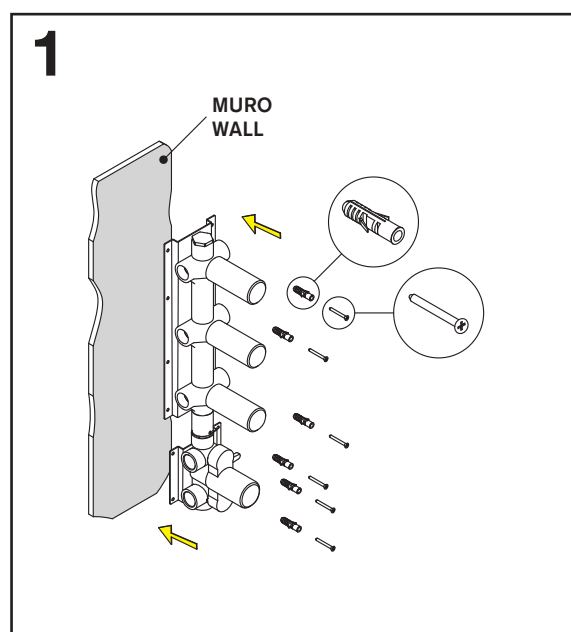

On bath and shower systems with manifolds, every manifold (or outlet) supplies water to only one function, e.g. rain shower, waterfall, nebulizers or bodyjet.

Each manifold has an exit on the right and one on the left, so that it is easier to plan the water plant and install it more easily.

While the exit on one end of the manifold will supply water to the desired outlet, the one on the other side will have to be closed with a cap. (fig. 2 orange)

On particular circumstances, for example when using bodyjets, both exits can be used contemporarily, in order to split the water flow between the two outlets, right and left.

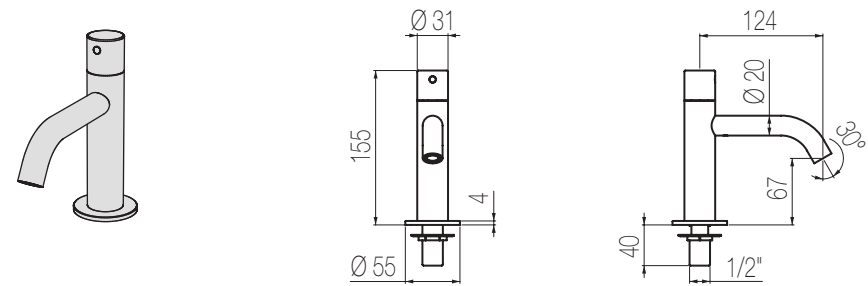

(fig. 2 green)

COMPLEMENTS

Idroscopino

Kit idroscopino monogetto per pulizia sanitari, con valvola di sicurezza con comando manuale a rotazione
Single-jet toilet water kit for sanitary cleaning, with rotating security valve

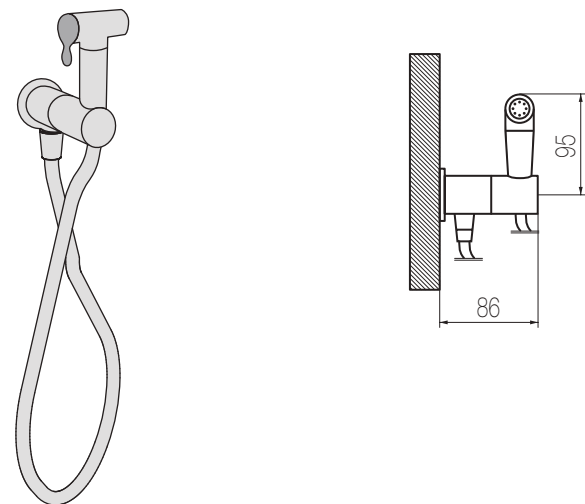

Finiture / Finishing	Codice / Code	Prezzo / Price
Inox spazzolato / Brushed stainless steel	IDR1 S	€ 530,00
Inox lucido / Polished stainless steel	IDR1 L	€ 530,00

Kit idroscopino a muro, con presa acqua dotata di valvola ceramica apriflusso di sicurezza con comando manuale a rotazione.
Per aprire la valvola di arresto posta sulla presa acqua, **(A)** rotare verso sinistra. Estrarre la lancia dell'idroscopino **(B)** e, per utilizzarlo, premere sulla leva in modo da permettere l'uscita dell'acqua. Una volta terminato di utilizzare l'idroscopino, ruotare la manopola della presa acqua verso destra **(C)**, fino a fine corsa. Riposizionare quindi la lancia nella propria sede.
In caso di assenza prolungata chiudere la valvola di arresto dell'impianto idrico.

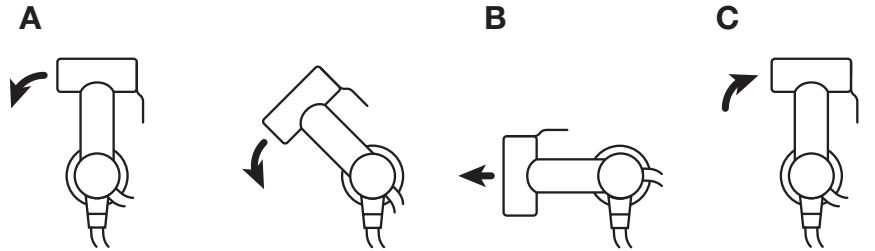

Toilet water jet kit with ceramic security valve that rotates to open and close the water flow.
To open the stop valve placed on the water connection, turn it on the left **(A)**. Pull out the nozzle and push the lever to make water flow **(B)**. Once finished to use the water jet, turn the stop valve on the right all the way in **(C)**, until you hear a click. Then insert the nozzle on its holder.
In case of prolonged absences, always close the stop valve placed at the beginning of the water plant.

Idroscopino

Kit idroscopino a doccetta per igiene personale, con valvola di sicurezza con comando manuale a rotazione
Multi-jet toilet water kit for personal hygiene, with rotating security valve

CONDIZIONI GENERALI DI VENDITA

Informativa

Le presenti condizioni generali di vendita disciplinano le modalità e le condizioni di vendita degli articoli prodotti e commercializzati da GEDA s.r.l. Tutti i contratti di vendita a terzi sono regolati dalle presenti Condizioni Generali, le quali formano parte integrante e sostanziale di ogni proposta, ordine e conferma d'ordine di acquisto.

Le condizioni di vendita applicabili all'ordine sono quelle in vigore alla data dell'ordine stesso.

1. Prodotti: prezzi e caratteristiche

1.1 Salvo ove diversamente indicato, i prezzi dei listini GEDA s.r.l. sono indicati in euro (€) e si intendono al netto di IVA per merce resa franco nostro stabilimento, imballo incluso. I listini GEDA s.r.l. di volta in volta pubblicati annullano e sostituiscono i precedenti e sono subordinati nel caso di articoli puramente commercializzati, alla effettiva disponibilità degli stessi. GEDA s.r.l. si riserva il diritto di confermare oppure di modificare detti prezzi al momento della conferma dell'ordine al Cliente.

1.2 Le caratteristiche tecniche e funzionali relative agli articoli GEDA s.r.l. vengono indicate nelle rispettive schede tecniche allegate agli stessi. Nel caso di articoli non prodotti direttamente ma puramente commercializzati, le caratteristiche tecniche e funzionali sono quelle comunicate dai rispettivi produttori. GEDA s.r.l. non assume alcuna responsabilità riguardo la veridicità e completezza di queste ultime informazioni. Le installazioni e le descrizioni contenute nei nostri stampati non comportano obbligo di fedele esecuzione. Dettagli e misure sono da considerarsi indicative e soggette a modifiche senza obbligo di preavviso qualora ritenute necessarie. Geda s.r.l. si riserva la facoltà di sospendere la produzione in qualunque momento con congruo preavviso rifiutando fin d'ora ogni conseguente richiesta risarcitoria.

1.3 I Prodotti non vengono forniti in prova. Il Cliente è responsabile della scelta dei Prodotti ordinati e della rispondenza e conformità delle specifiche indicate alle proprie esigenze.

1.4 Per colori e finiture **non di serie**, GEDA s.r.l. si riserva di:

- verificarne la fattibilità;
- comunicare eventuali costi aggiuntivi;
- stabilire adeguati tempi di consegna.

2. Ordini - Fatturazione - Pagamenti

2.1 Tutti gli ordini di acquisto trasmessi a GEDA s.r.l. dovranno essere completi in ogni loro parte e dovranno contenere tutti gli elementi necessari per la corretta individuazione dei prodotti ordinati e di tutte le informazioni aggiuntive atte ad evadere la consegna pena la mancata accettazione dell'ordine stesso. Ciascun ordine costituisce proposta contrattuale del Cliente il quale accetta in questo modo tacitamente, tutte le condizioni qui esposte. Sarà vincolante per GEDA s.r.l. solo se dalla stessa confermato.

2.2 Per ordinativi **inferiori** ad un imponibile di **€ 200,00** GEDA s.r.l. addebiterà un **costo di gestione** a forfait indicativamente pari a **€ 10,00** saldo diversi accordi o disposizioni della Direzione.

2.3 In caso di mancata esecuzione dell'ordine già confermato da parte di GEDA s.r.l. la stessa provvederà al più presto ad informare il Cliente, rimborsando le somme da questi eventualmente già versate a fronte della fornitura non eseguita. In tal caso il Cliente non avrà diritto ad alcun rimborso né ad indennizzi o risarcimenti di sorta.

2.4 La documentazione fiscale relativa ai prodotti ordinati verrà emessa da GEDA s.r.l. al momento della spedizione dei prodotti stessi al Cliente. La relativa fattura verrà emessa da Geda entro il mese dell'avvenuta spedizione.

2.5 Le condizioni di pagamento sono quelle concordate con il nostro singolo Cliente. In caso di ritardato pagamento verranno addebitati gli interessi commerciali a decorrere dal giorno successivo alla scadenza senza ausilio di diffide oltre alle eventuale altre spese sostenute.

3. Consegna dei Prodotti

3.1 Le consegne vengono normalmente effettuate tramite corriere con addebito al Cliente di un contributo per la spedizione, variabile in base all'imponibile, al peso e alla tipologia di merce acquistata. In caso di spedizioni in contrassegno a mezzo corriere, la consegna è subordinata al pagamento, da parte del Cliente, del relativo prezzo in contanti o assegno circolare comprensivo della quota di spese di contrassegno.

3.2 I termini di consegna indicati in conferma ordine sono indicativi e non vincolanti e non danno diritto al Cliente di annullare l'ordine o di reclamare danni di qualsivoglia natura qualora si verifichino ritardi dovuti a cause non imputabili a GEDA s.r.l. (scioperi, ritardi nei trasporti, calamità naturali o altre cause di forza maggiore).

3.3 GEDA s.r.l. ha il diritto di effettuare la consegna dei Prodotti (anche relativa ad uno stesso ordine) in più consegne successive fermo restando, in tal caso, un solo addebito al Cliente a titolo di contributo per spese di trasporto, salvo richieste di anticipo parziale del materiale da parte del cliente.

3.4 Condizioni e termini di consegna particolari dovranno essere preventivamente concordate tra il Cliente e GEDA s.r.l. ed accettate per iscritto da quest'ultima.

Rischi

La merce viaggia a rischio e pericolo del destinatario. GEDA s.r.l. non risponde di eventuali furti e/o danneggiamenti e/o ammanchi totali o parziali. Il rischio del danno o della perdita del prodotto passa a carico del destinatario al momento della spedizione del bene. La merce è spedita assicurata solo se espressamente richiesto dal Cliente, ovviamente con un addebito del sovrapprezzo relativo al servizio.

È importante che il Cliente, al ricevimento della merce, verifichi che:

- il numero dei colli in consegna corrisponda a quello indicato nel documento fiscale che li accompagna;
- la merce corrisponda a quanto effettivamente indicato nel documento fiscale;
- l'imballo risulti integro, non danneggiato o comunque alterato o manomesso, anche nei materiali/sigilli di chiusura (nastro adesivo, reggette...).

Gli eventuali danni o la mancata corrispondenza del numero dei colli, così come gli eventuali ritardi nella consegna, devono essere immediatamente contestati al Corriere che effettua la consegna, apponendo la dicitura "ritiro con riserva per mancanza e/o danneggiamento di n°... colli" sull'apposito documento fiscale e confermati per e-mail alla GEDA s.r.l., entro 7 (sette) giorni solari. Pur in presenza di imballo integro, la merce dovrà essere verificata entro 15 (quindici) giorni solari dal ricevimento e dovrà essere prontamente segnalata a GEDA qualsiasi difformità da quanto indicato nel documento di spedizione, o l'eventuale danno riscontrato. Ogni segnalazione oltre i suddetti termini e/o tramite diversi mezzi da quanto sopra segnalato, non sarà presa in considerazione. Di ogni dichiarazione il Cliente si assume la piena responsabilità. Una volta firmato il documento del Corriere, il Cliente non potrà opporre alcuna contestazione circa le caratteristiche esteriori di quanto consegnatogli ed il numero dei colli ricevuti.

4. Garanzie sui Prodotti

Vedi dettagli su libretto istruzioni/garanzia allegato al prodotto

5. Resi dal mercato

5.1 Tutti i resi (che dovranno essere inutilizzati, perfettamente integri ed accompagnati dalla confezione originale) dovranno essere autorizzati per iscritto da GEDA s.r.l. Non saranno accettati resi mancanti di autorizzazione, prova di acquisto e inviati in porto assegnato o contrassegno. Prima di spedire il materiale sarà necessario contattare la GEDA s.r.l. all'indirizzo **commerciale@gedanextage.com**, spiegando nel dettaglio che materiale si intende restituire e le motivazioni del reso. La richiesta sarà verificata ed eventualmente potranno essere suggerite prove opportune atte a comprendere la natura del problema per l'eventuale soluzione in loco. Potrà essere richiesto l'invio di una foto.

5.2 Una volta ricevuti i prodotti e verificate le condizioni di cui al punto precedente GEDA s.r.l. provvederà entro 30 giorni dal ricevimento alla sistemazione e spedizione degli stessi

CONDIZIONI GENERALI DI VENDITA

contro addebito delle relative spese in caso di difetti o danni non imputabili all'azienda oppure ad effettuare a sua discrezione l'accredito o la sostituzione negli altri casi.

5.3 Resi per errati ordini o cause non imputabili a GEDA s.r.l. :
addebito 30% del valore del reso.

Riparazione e sostituzione

Le riparazioni/sostituzioni coperte da garanzia vengono effettuate gratuitamente. Le riparazioni/sostituzioni fuori garanzia sono oggetto di un preventivo sulla base del quale il Cliente potrà decidere se procedere o no alla riparazione/sostituzione.

Il prodotto reso alla GEDA s.r.l. è sempre oggetto di riparazione (qualora possibile) e mai di sostituzione con analogo prodotto nuovo.

La GEDA s.r.l. può, a suo insindacabile giudizio, optare per la sostituzione di parti o prodotti che non risultino riparabili o la cui riparazione risulti sconveniente contro addebito al Cliente del costo del materiale oggetto di sostituzione comunicando preventivamente allo stesso i relativi costi.

In nessun caso il cliente potrà pretendere la sostituzione del prodotto reso con un altro nuovo di magazzino.

Allo stesso modo, in nessun caso è possibile richiedere un prodotto nuovo in sostituzione prima di aver restituito il prodotto oggetto del reso.

Attenzione!!!

Qualsiasi prodotto restituito senza preventiva autorizzazione verrà respinto.

6. Assistenza tecnica

7. Foro competente

Ferma restando l'eventuale applicabilità di disposizioni inderogabili di legge poste a tutela dei consumatori qualsiasi controversia comunque connessa alle presenti Condizioni Generali, sarà devoluta alla competenza esclusiva del Foro di Pordenone.

N.B.: Si declina ogni responsabilità relativa ad eventuali inesattezze contenute in questo listino se dovute ad errori di stampa o trascrizioni.

Dichiarazione Privacy

GEDA s.r.l. considera la tutela della riservatezza dei suoi soci un valore essenziale: per questo è da sempre attenta a trattare e conservare i dati personali che le vengono comunicati secondo liceità e correttezza, in piena trasparenza e con un alto livello di sicurezza. Nel rispetto del nuovo Codice Privacy (Decreto legislativo 196/2003) desideriamo informarLa che il titolare del trattamento dei dati è GEDA s.r.l., con sede a Porcia (PN), Via Maestri del Lavoro. L'elenco aggiornato dei responsabili preposti ai trattamenti dei dati è disponibile presso la Sede di GEDA e può essere richiesto scrivendo a: info@gedanextage.com.

GEDA si riserva di apportare, senza preavviso, modifiche nei materiali, finiture e dimensioni dei prodotti.

TERMS AND CONDITIONS OF SALE

Disclosure Statement

These terms and conditions of sale govern how and according to what terms the items produced and sold by GEDA s.r.l. are supplied. All contracts for the sale of goods to buyers are governed by these Terms and Conditions, which form an integral and essential part of all proposals, orders and purchase order confirmations.

The terms of sale applicable to the order are those in force at the time the order in question is made.

1. Products: prices and specifications

1.1 Unless otherwise stated, the GEDA s.r.l. list prices are given in euros (€) and are the net prices before VAT for goods delivered on an ex-works basis from our facility, including packaging. The GEDA s.r.l. price lists published from time to time cancel and supersede all previous lists and, in the case of items that are sold only, are subject to actual availability of said items. GEDA s.r.l. reserves the right to confirm or alter said prices at the time your order confirmation is issued.

1.2 The technical specifications and operational features of GEDA s.r.l. items are indicated on the respective technical data sheets attached to each. In the case of items that are not produced directly and are instead sold only, the technical specifications and operational features are those stated by their respective manufacturers. GEDA s.r.l. takes no responsibility for the truth or completeness of the latter information. We are under no obligation to be accurate in our presentation of installations and descriptions featured in our printed material. Please understand that details and measurements are given as a rough guide and are subject to change without notice where deemed necessary. Geda s.r.l. reserves the right to remove the product from its range at any time with sufficient notice and no resulting claims for compensation will be accepted.

1.3 Products are not supplied on a trial basis. You are responsible for the choice of Products ordered and for ensuring that the specifications indicated meet and are in conformity with your requirements.

1.4 For **non-standard** colours and finishes, GEDA s.r.l. reserves the right to:

- check their feasibility;
- let you know of any additional costs;
- determine suitable delivery times.

2. Orders - Invoicing - Payments

2.1 All purchase orders sent to GEDA s.r.l. must be filled out fully and must contain all elements required to correctly identify the products ordered as well as all additional information intended to help with the products' dispatch, otherwise the order in question will not be accepted. Each order constitutes a contract proposal by you and by submitting it you tacitly accept all the terms laid out herein. The order will be binding on GEDA s.r.l. only once it has been confirmed by GEDA s.r.l. itself.

2.2 For orders amounting to **less than € 200.00** taxes excluded, GEDA s.r.l. will charge a flat-rate handling cost of **€ 10.00** unless otherwise agreed or arranged with the Management.

2.3 In the event of non-performance of an order previously confirmed by GEDA s.r.l., we will advise you at the earliest possible opportunity and refund any money that you may already have paid towards the goods that are not supplied. In such a case, you will not be entitled to any reimbursement or damages or compensation of any kind.

2.4 The documents required for tax purposes relating to the products ordered will be issued by GEDA s.r.l. at the time of dispatching the products in question to you. The relevant invoice will be issued by Geda by the end of the month in which the goods were dispatched.

2.5 Payment terms are the individual terms that have been agreed with you. In the event of late payment, you will be charged commercial interest starting the day after the due date, in addition to any other costs incurred, with no obligation on our part to give notice to that effect.

3. Delivery of Products

3.1 Products are usually delivered through a courier and you will be charged a contribution towards shipping costs, which can vary depending on the order amount before tax and volume of the goods purchased. Otherwise you can choose to collect your goods ex-works.

3.2 The delivery dates indicated on the order confirmation are given as a rough guide only. They are not binding and do not give you any entitlement to cancel the order or claim for damages of any kind in the event of delays due to causes beyond the control of GEDA s.r.l. (strikes, delays in transportation, natural disasters or other force majeure events).

3.3 GEDA s.r.l. is entitled to deliver the Products (even when part of the same order) in successive instalments, with it being understood that, in this case, you will be charged a contribution towards shipping costs only once.

3.4 You must agree on any special delivery terms and dates with GEDA s.r.l. in advance and they must be accepted in writing by GEDA s.r.l..

Risks

Goods are transported at the consignee's risk and peril. GEDA s.r.l. will not be responsible for any theft and/or damage and/or total or partial shortages. The risk of damage or loss with respect to the product shall pass to the consignee upon shipment of the goods. Shipped goods are only insured at your explicit request and, in this case, you will of course be charged the extra for the service.

It is important that you check, on receiving the goods, that:

- the number of packages delivered matches the number indicated on the tax document that they are delivered with;
- goods match the description given on the tax document;
- the packaging - including any fastening materials/seals (adhesive tape, straps...) - is intact, is not damaged, and has not been changed or tampered with in any way.

If there is any damage or if the number of packages does not match, or even if there is any delay in delivery, you must report this immediately to the courier who is delivering the goods by writing "accepted conditionally due to missing items and/or damage to ... (number) packages" on the relevant tax document, and you must confirm this by emailing GEDA s.r.l. within 7 (seven) calendar days. Even if the packaging is intact, you must check the goods no later than 15 (fifteen) calendar days after their receipt and report any problem to GEDA s.r.l. without delay. If claims are received any later than this and/or are made in any way other than as described above, they will not be taken into consideration. You assume full responsibility for any declarations you may make. Once you have signed the courier's document, you will not be able to lodge any complaint regarding the exterior conditions of the goods delivered and the number of packages received.

4. Product warranties

See details in instruction booklet/warranty provided with the product

5. Customer returns

5.1 All returns of merchandise (which must be unused, perfectly intact and still in its original packaging) must be authorized by GEDA s.r.l. in writing. Returns without appropriate authorization, without proof of purchase or sent on a carriage forward or C.O.D. basis will not be accepted. Before sending the material, you are required to contact GEDA s.r.l. at this address **commerciale@gedanextage.com**, explaining in detail what material you plan to return and the reasons for the return. The request will be assessed and, where appropriate, you may be advised to carry out suitable tests in order to understand the nature of the problem and possibly find a solution without sending the product away. You may be asked to provide a photo.

5.2 Once we have received the products and checked that the conditions mentioned in the point above have been met, we will have the products repaired and sent back to you within 30 days of their receipt. Note that if the defects or damage cannot be attributed to GEDA s.r.l., we will charge you for the relevant costs incurred. In other cases, we may opt, at our discretion, to issue credit or replace the products.

TERMS AND CONDITIONS OF SALE

5.3 Returns goods made for wrong orders or not attributed to GEDA s.r.l. :
charge 30% on the returns value.

Repair and replacement

Repairs/replacements made under warranty are free of charge. A quote will be prepared for any repairs/replacements not covered under the warranty, based on which you can decide whether to go ahead with the repair/replacement or not.

Products returned to GEDA s.r.l. always undergo repair (where possible) and are never automatically replaced with a new product of the same kind.

GEDA s.r.l. may, at its sole discretion, opt to replace parts or products that cannot be repaired or whose repair is not a viable option, in which case you will be charged the cost of the material being replaced; you will be advised of the relevant costs beforehand. Under no circumstances can you demand to have the returned product replaced with a new one from our stock.

In the same way, under no circumstances can you request a new product as a replacement without first sending back the product due to be returned.

Warning!!!

Any product returned without prior authorization will be sent back.

6. Technical assistance

Write to this address assistenza@gedanextage.com

7. Court of competent jurisdiction

Without detriment to any statutory rights you may have under consumer protection law, any dispute in any way connected with these Terms and Conditions shall be referred to the sole court of competent jurisdiction, which shall be the Court of Pordenone (Italy).

N.B.: We are not responsible for any inaccuracies herein where they are due to typographical or transcription errors.

Privacy Statement

GEDA s.r.l. considers the confidentiality of its clients a core value: for this reason it has always been attentive to process and store all personal data, communicated in accordance with legality and fairness, in full transparency and safety. In accordance with the new Privacy Code (Legislative Decree 196/2003) we herewith wish to inform you that the holder of the data processing is GEDA s.r.l, based in Porcia (PN), Via Maestri del Lavoro. The updated list of those in charge to the processing of data is available at GEDA's headquarters and can be requested in writing to: info@gedanextage.com.

GEDA reserves the right to change, without previous notice, materials, finishings and dimensions of its products.
